Accessibility Statement

Last Modified November 11, 2026

At Hamilton Telecommunications (“Hamilton”), connecting people is at the heart of what we do. We are committed to making our website, products, services, and customer support accessible to all customers, including individuals with disabilities.

Website Accessibility

Hamilton strives to provide a website that is accessible and easy to use for everyone. We continually work to improve the accessibility and usability of our digital content and aim to follow the Web Content Accessibility Guidelines (WCAG) 2.2 Level AA where practical. These guidelines help make web content more accessible for people with a wide range of abilities and improve the user experience for all users.

We recognize that accessibility needs vary from person to person and that websites and technology continue to evolve. Our **Accessibility Adjustments Tool** (found on the website) is available to all users and provides options to adjust font size and color contrast or hide images based on individual viewing preferences.

While we continue working to improve accessibility, some content or functionality may not yet fully meet accessibility standards. If you encounter a barrier or have difficulty accessing information, please contact us. We will work with you to provide assistance and evaluate the issue.

Need Assistance?

If you have difficulty accessing information on our website, need information in an alternative format, or need assistance with a Hamilton product or service, we want to help.

Please contact us:

Phone: 402.694.5101
Email: info@hamilton.net
Mail: 1006 12th Street Aurora, NE 68818

Telecommunications Relay Service (TRS):	Deaf and Hard of Hearing - Dial 711 and ask the relay operator to call Hamilton at 402.694.5101

When reporting a website accessibility concern, please let us know the webpage or feature you were trying to use and, when possible, describe the difficulty you encountered. We will make reasonable efforts to provide the information or assistance you need and address accessibility concerns promptly.

Our Commitment

Hamilton serves people with a wide range of communication needs. We are committed to continuing to identify and reduce barriers so our customers can access our information, services, and support as independently and effectively as possible.

Hamilton welcomes accessibility questions and feedback. Your input can help us continue improving the way we connect and serve our customers.
